## Team Profile

### Dr Wee-Kheng Soo

MBBS BMedSci FRACP  
DipGerOnc ClinDipPallMed

Dr Wee-Kheng Soo is a Consultant Physician with special interest in lymphoedema, cancer supportive care and comprehensive health assessment. He is a founding member of the Lymphoedema Clinic and has been practicing in lymphoedema since 2012. He believes that better health outcomes can be achieved using an evidence-based interdisciplinary approach.

### Ms Anne Ward

RN, Level 2 Lymphoedema  
Practitioner

Anne is the Clinic Director of Melbourne Lymphoedema. She is a Registered Nurse and Australian Lymphology Association (ALA)-accredited lymphoedema practitioner. She has extensive experience in lymphoedema care and treating chronic wounds.

### Ms Kristy Edwards

Physiotherapist, Level 1  
Lymphoedema Practitioner

Kristy is a musculoskeletal physiotherapist and ALA-accredited lymphoedema practitioner. She is particularly skilled in treating cording, combining both modalities of lymphoedema care and physiotherapy to achieve rapid relief of symptoms. She brings a focus on functionality and mobility to our team.

## Our services

The Lymphoedema Clinic is a specialist interdisciplinary service with consultant physician Dr Wee-Kheng Soo and lymphoedema practitioners from Melbourne Lymphoedema.

## We treat the following conditions

- Lymphoedema and chronic oedema
- Lymphoedema-related wounds and cellulitis
- Cording
- Pre-operative education and post-operative monitoring for lymphoedema

## Referral Process

Your doctor can make a referral using this referral form or their own template. Please fax the referral and contact the clinic to book an appointment.
